Course/Program Curriculum Changes: Principles

Program Title:	Anesthesia Assistant	
Program Alpha & Number:	ANA 1	
Effective Catalog Year:	2013 / 14	
Late Request:		

Reviews are likely to be a response to currency, flexibility and access issues. This review should:

- Clearly describe the reasons for and benefits of the change;
- Answer the questions regarding the effects of the changes – see Program/Curriculum "Rationale"

Note: The Faculty Dean must approve the changes at this point before any further work is to be done. Part of this approval will require that program mapping has been completed – see Note for #2 and #3 below. It may also require VPA's Office approval if significant changes are being proposed.

Changes must be to the benefit of the student with no disadvantages; therefore, if courses needed to complete the program are no longer offered, the School must develop a viable pathway to graduation.

Quality assessment of existing programs is achieved through continuous monitoring by the program team.

Reviews validate that the program learning outcomes are relevant/current and that they continue to be met by the graduation requirements in the program.

The essence of a program is represented in its learning outcomes; the graduation requirements identify the courses & activities whose successful completion is necessary to the mastery of the learning outcomes.

Process should be lean – no unnecessary new steps.

Once students start a program in a specific catalog, no changes to that degree audit may be made, e.g., a course change is proposed for third level. December 1st, 2010 for 2011/2012 catalogue means the new course would not be delivered until September 2012.

Changes must be documented – retained by the School as well as archived with the Office of the Registrar.

Communication of changes must be made to all affected stakeholders.

Comments: What about Laboratory Procedures 2 (HLTH 6037)?
– Pass/fail will not impact GPA.

Request for Late Change to Degree Audit Form

To the Division --

1. A copy of the Degree Audit Report (SDAR) with changes marked must accompany this request.
2. Please keep Yellow Copy of the Form and photocopy of SDAR Report with marked changes for your records.
3. Allow 5 business days after receipt in the Office of the Registrar for the completion of this request.

Program #

Anesthesia Assistant

Program Name

School of Health Sciences

Dennis Hunter

2013/14

Division

Program Co-ordinator

Catalogs (To be updated -- attach all copies)

Reason for late change:

Students are registered in Laboratory Procedures 1 and are currently letter graded. This course should be graded as P/F and this change requires a new course code.

If the change is a correction to the Degree Audit, identify the impact on current students (please review and submit student EVALS with submission to determine possible impact)

Cc: De Groot, Elizabeth
Subject: RE: DA change

Tracy,

I agree with Chris, this change will be in place for the degree audit deadline of December 1, 2013 for the academic year beginning fall 2014.

Pam McLaughlin, BNSc, MEd,
Dean Faculty of Health Sciences and Human Services

To: Griffith, Christine; Hunter, Dennis
Cc: McLaughlin, Pam; De Groot, Elizabeth
Subject: RE: DA change

If all agree with the change, a new course number will be required for the 2nd lab class (HLTH 6037). Will still need confirmation from Pam on this as well for it to go forward.

Subject: RE: DA change

Hi Dennis,

I am comfortable supporting this request, and am assuming this would be expected to take effect for the next incoming cohort. My understanding is that the deadline for changes to programs in progress was December 1st.

Subject: DA change

Pam and Christine;

I would like to make a change for HLTH 6033 and HLTH 6037 to a Pass/Fail mark instead of grading as it is presently. These two courses are the lab components of the 1st and 2nd semesters of the Anesthesia Assistant program and lend themselves more appropriately to a P/F mark. Thank you.

Dennis
